This 5 bed 3 bath house was designed by the well-known architect Manuel Jorge and displays his usual features. Set in an elevated position and between two roads, this property offers sea views from nearly every room and every terrace of which there are several. Set over 3 floors the top and lower floors are dedicated to sleeping areas, with two bedrooms and a bathroom on each level, while the central floor is dedicated to the living area with a living dining room, kitchen, utility room, a shower room and an office or bedroom. Off the top road, there is parking for one car and a large terrace to one side of...(Ask for More Details!)
