AN EXCLUSIVE DESIGNER VILLA WITH STUNNING SEA VIEWS

On a slightly sloping 1069m² plot, this modern villa is located in the exclusive area, and provides beautiful views of the Mediterranean sea and mountains.

With 894m² of built up area across three levels, this 4 bedroom villa is flooded with natural light on all floors from the vast floor-to-ceiling windows.

The main entrance to the villa gives immediate access to the first floor and the four-person elevator connects all three levels.

The house opens entirely toward the terrace area, which maximises the transmission of natural light.
