A boutique development of 8 independent luxury villas, conceived in a contemporary Mediterranean style with clean lines and a strong focus on light, space, and everyday comfort.

The homes are designed for modern living, combining open interior layouts with generous outdoor areas so the terrace and solarium feel like a natural extension of the house. Key specifications include practical comfort features such as home automation, selected kitchen appliances, and underfloor heating in the bathrooms.

Outside, each villa is completed with a private garden and pool, creating a calm, private setting for year-round use-suited to both relaxed daily living and easy entertaining, without unnecessary
