Apartment in Mijas

€499,000

1	1	49m²	N/A	N/A

This contemporary one-bedroom, first-floor apartment is located in Royal Palms, a modern residential development just steps from La Cala de Mijas.
The property is situated in Phase 2, within Block "Carolina", a phase that is now nearing completion. Delivery is scheduled in October 2026, making it an excellent option for buyers seeking a short-term completion rather than waiting several years.
The sale is structured as an assignment of purchase rights, as construction has not yet been fully completed. Please note that once the development is finalized and the title deeds are signed, the asking price will increase.
