There are properties you buy for what they are.

And others for what they can become.

This one belongs to the latter. And that's where its value lies.

Located in a well-established area of Málaga city, on Calle Los Ficus, this property stands out for something increasingly rare: real space and the ability to adapt to different uses.

This is not a typical home. It is a property with the structure and layout to be converted into two independent living spaces, making it especially attractive for those seeking profitability or a flexible family solution.
