Rarely does an apartment offer what most buyers can only find in a villa: a private pool on your own terrace. This exceptional 215 m² residence in Marbella House - one of Marbella's most consolidated gated communities, positioned on the second line from the beach - delivers exactly that, together with open sea views and a complete 2026 renovation.

The property has been rebuilt to the highest specification, with premium materials and a contemporary, functional design throughout. An advanced Airzone climate system provides independent temperature control in every room, while a reinforced entrance door adds an extra layer of security.
