Townhouse with large plot and fantastic potential Here is a rare opportunity to acquire a spacious townhouse with an unbeatable location just steps from the sea. With only approximately 65 meters to the beach, you have the opportunity to create a real dream home in an area where homes rarely come to the market.

The home has approximately 180 square meters of built area and offers three bedrooms and one bathroom spread over generous areas with many possibilities. The floor plan provides a very good starting point for those who want to renovate and create a home completely according to their own taste and needs.
