Frontline Beach Townhouse in Marina de Casares - Exceptional Renovation Opportunity

Fantastic frontline beach townhouse located in Marina de Casares, one of the most distinctive residential communities in Casares Costa, known for its charming Andalusian village architecture and direct access to the Mediterranean.

Offering 172 m² arranged over three levels, this property presents outstanding potential to create a beautiful contemporary home by the sea. Its location is undoubtedly its greatest asset: opportunities to acquire a townhouse literally steps from the beach are becoming increasingly difficult to find along the Costa del Sol.
