A fantastic opportunity in one of Estepona's most attractive seaside locations, approximately 80 metres from the beach and within walking distance of Estepona Marina and the town centre.

This 91 m² built apartment offers excellent potential to reconfigure and optimise the existing layout, allowing the new owner to create a modern and personalised home that takes full advantage of the space, natural light and location.

The property currently features three bedrooms, one bathroom, a bright living area and a private terrace with beautiful sea views. Its south-facing orientation provides excellent natural light throughout the day.
