NEW DEVELOPMENT IN COTOBRO, ALMUÑÉCAR | HOMES WITH PRIVATE POOL, SOLARIUM AND AN EXCLUSIVE DETACHED VILLA

In one of the most sought-after residential areas of Almuñécar, a limited new-build development in Cotobro is born, designed for those looking for a modern, bright home close to the sea, without giving up privacy, outdoor space and quality of life.

The project consists of contemporary semi-detached homes and an exclusive detached villa, making it a unique opportunity in a market where new-build properties in Almuñécar are becoming increasingly scarce.
