Renovation Project with Approved Licence in the Heart of Torrox Pueblo
An exciting opportunity to create a beautiful Mediterranean home in the heart of Torrox Pueblo, with an approved renovation project and major works licence already in place.
Set in the charming old town, the property is just a short walk from the main square, shops, cafés, restaurants and everyday amenities, with public parking nearby.
The approved project creates a two-storey home with modern living spaces, bedrooms, two bathrooms and a generous rooftop terrace. The terrace offers the perfect spot for outdoor dining and relaxing, with open views towards the surrounding area and Mediterranean.
