The Ultimate Corner on the New Golden Mile

Traditional apartment layouts have a massive flaw: a lack of natural light. This boutique collection of just 36 contemporary residences completely rewrites the rules. By designing every single home as a corner unit, interiors are continuously flooded with sunlight from multiple angles, seamlessly connecting open-plan living spaces to expansive private terraces. Nestled in a quiet, elevated enclave between Marbella and Estepona, this gated oasis offers a masterclass in modern architecture, complete with resort-style wellness amenities, underfloor aerothermal heating, and seamless indoor-outdoor flow. With only a few units remaining for its late 2028 completion, this isn't
