If you are looking for a unique investment opportunity in a prime location on the Costa del Sol, this urban plot in Mijas is exactly what you need. Located on the road up to Mijas village, the plot covers 4,140 m² with a buildable area of 3,519 m², ideal for the development of 18 townhouses. There is also the possibility of building detached villas, although this would require an amendment to the definitively approved Detailed Study (Estudio de Detalle). Access is convenient and direct, making construction and development work easier.
