A Complete WOW Apartment - Reinvented Living in Cumbres del Rodeo

This is a complete WOW apartment-unlike anything else we have seen in Cumbres del Rodeo, or on the coast for that matter. Completely redesigned and remodelled, it is full of clever solutions, unexpected touches and inspiring ideas that transform a spacious corner garden apartment into a truly distinctive home.

Set in a prime southwest-facing position, the property enjoys excellent privacy and views towards the sea and mountains. Elevated above pavement level, with no buildings directly overlooking its main outdoor areas, it offers an open outlook and a wonderful connection to its established gardens.
