New Build - Fuengirola

14 exclusive homes in the heart of the city, just a step away from the sea

This development is a unique project born in the heart of Fuengirola, where urban living meets proximity to the beach and the Paseo Marítimo.

A consolidated, convenient, and vibrant residential environment with all services within walking distance, ideal for year-round living or as an investment on the Costa del Sol.

The four-story building houses only 14 homes with 1 and 2 bedrooms, featuring modern design, open-plan layouts, and large windows that flood the spaces with natural light.
