# Town House in Ojen

**€695,000**

| 7 | 5 | 205m² | 102m² | N/A |
|---|---|---|---|---|

Mirador de Ojen is a spacious, traditional townhouse with exceptional panoramic views in the natural surroundings of Ojen. The property offers seven bedrooms and five bathrooms across the main house and two independent apartments. The main residence has four bedrooms and three bathrooms. The lower floors feature a two-bedroom apartment and a separate one-bedroom apartment. Each apartment has its own private entrance.

The property was built in 1999 and is in good condition. Some updating would allow a new owner to modernise the home to their own taste. Its south-west orientation makes the most of the impressive views and surrounding landscape. A private garage provides parking for one car.
