Beautiful flat plot for sale in Muria

Beautiful appointed rustic plot of 13.151m<sup>2</sup> between Alcalali and Orba. The maximum allowed occupation is 2% of the plot size.

Great plot to build your own dream house. The plot is southwest facing with great views towards the Coll de Rates and los Gemelos in Muria. Tucked away between orange groves and it even comes with a small forest which is great to have natural shade in the summer.
