0

N/A

20,005m²

N/A

We have a selection of plots offering the exciting option to design your very own dream home with the help of local expert architects and constructors. The selected plots are all in excess of 20,000m² and are located within large wooden areas of a peaceful rural valley that is just 20 minutes drive of the lovely historic city of Lorca.

This individual plot comes with a casita (storage building) that is already in place and the plot also comes with a building licence which has previously been passed, but which has now lapsed, and which would need to be renewed by any new owner.

All prices are stating the land purchase only...(Ask for More Details!)
